

community and his parents were taxpayers of the district. The only solution seemed to be for the father to return his children over to his sister in Norfolk who would become their legal guardian. And I feel something is wrong when we force the breakup of families this way. LB 592 would correct this situation in a fair manner and I urge your support of the bill. Thank you.

SPEAKER NICHOL: Senator Harris.

SENATOR HARRIS: Mr. President, members of the Legislature, I, too, rise to support this bill. I am a cosigner of the bill that has been explained very well by Senator Vickers and Senator Peterson. I had a particular experience in my district where a student was denied access to the education because the school board felt that they would not want to subject themselves to possible lawsuits. They were going to charge \$4,200 for one semester for this student. We did work it out to the school district's credit and it should be available in the law for them to make this determination without going through all the agony that we did with this young man where he had missed a month of schooling. They would not give him homework for fear again of this liability and I think it is something that is very necessary to be put into law and I urge you to support this bill. Thank you.

SPEAKER NICHOL: Senator Vickers, did you wish to close on the bill? Okay, the question is the advancement of the bill. All those in favor vote aye, opposed nay. Record, Mr. Clerk.

CLERK: 31 ayes, 0 nays on the motion to advance the bill, Mr. President.

SPEAKER NICHOL: LB 592 is advanced. LB 104.

CLERK: Mr. President, if I may right before that...

SPEAKER NICHOL: All right.

CLERK: New A bill, LB 72A by Senator Chambers. (Read by title for the first time as found on page 599 of the Legislative Journal.)

Senator Beutler would like to print amendments to 252 in the Journal. (See page 599 of the Legislative Journal.)
